A maior história já foi contada há muito tempo atrás, replicá-la seria uma blasfêmia, um ato de vender o mundo.

O autor sabia que ele faria, há tanto tempo ele o compreendia, uma amálgama se formou entre ambos, Babel seria o fim de tudo, sem mais segredos.

O homem nos sonhos sabia que era hora.

A maior história já estava sendo contada, o autor sabia que por ela eles seriam redimidos.

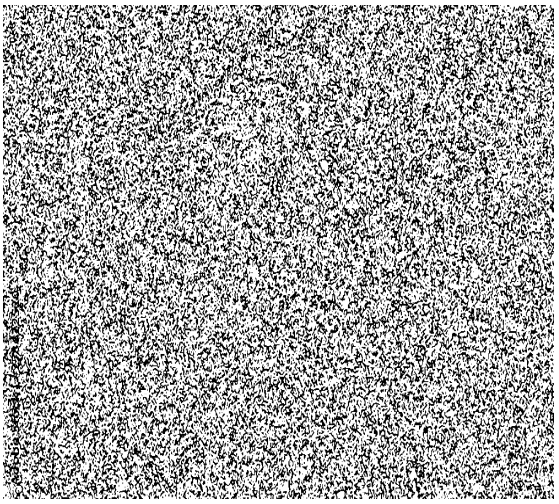
Setealém não era o fim, era apenas mais uma história do autor, uma tentativa de libertação, uma porta para



assim como o homem nos sonhos se desenvolver e a integração com o homem que vendeu o mundo, Setealém era uma etapa necessária para a realização do maquinário, o prefácio de Babel. O autor agora sabia disso.

Vilania era um conceito necessário, existe uma carga de significância cabível sob um vilão, uma que seria necessária para a forma do homem nos sonhos. Ele dizia que era um vilão, ele dizia que era um vilão, por tudo que isso significava.

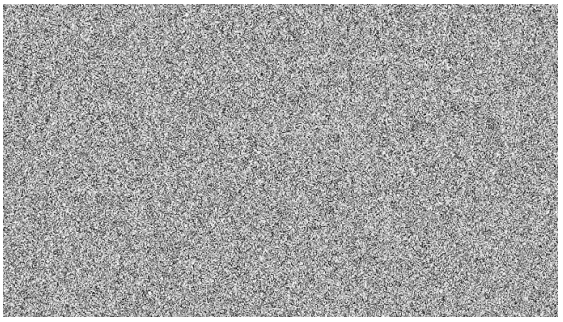
O homem que vendeu o mundo realizaria a maior história novamente, até o fim chegar, era a única forma

O autor sabia que deveria transcrever a maior história para se libertar, mesmo se não soubesse se haveria força o bastante em si mesmo.

Ele faria mais uma vez, ele dizia que faria novamente,



dizia que a maior história seria o método para imortalidade, o homem nos sonhos sabia.

Uma história que mudaria tudo, a maior história.

O homem que vendeu o mundo era uma das respostas de Babel. O homem que vendeu o mundo era uma das respostas.

O autor sabia que ele estaria preso até o fim de Babel, preso mil vezes atrás da maior história. Ele precisaria replicá-la para escapar de seu fim.

Babel deveria ser como a maior história, o homem nos sonhos sabia, ele deveria guiar o homem que vendeu o mundo até seu fim.

O autor iria arriscar tudo, uma última saída antes do fim, uma última cortina antes de seu domínio se apagar, uma última luz antes de se afogar.

O homem que vendeu o mundo já havia se afogado, não haveria outra forma. Devia ser ele.

O autor buscaria uma última vez o homem nos sonhos, uma última vez ele transcenderia, uma última história a ser contada por ambos.

Assim como o maquinário, a teoria e o desejo, a maior história transcendia sua mídia. O homem nos sonhos sabia como trilhar este caminho.

O autor abraçou pela última vez sua obra, antes de afogar novamente.

O autor sabia o que precisaria para a realização de seu maquinário, ele já havia observado o mesmo ser feito anteriormente em suas obras, mas agora ele sabia os métodos.

O homem que vendeu o mundo tornou-se um. Perkele, ele pensava, perkele. A realização de uma superestrutura significa a retribuição de seu simbolismo, ele precisaria de algo mais complexo, um maquinário desejante.

O autor começou a escrever, suas palavras fluiam como tinta em água, manchando seu oceano branco. O autor começou a narrar o que acontecera no passado, assim como o futuro, ele sabia que precisaria do manuscrito para realizar esse meme.

Mais do que um meme, pensou o homem que vendeu o mundo, ele precisaria de uma superestrutura completa, um zeitgeist de domínio próprio, essa era a força máxima do desejo, e sua conexão com as marcas.

O autor sabia como funcionam as marcas, ele havia observado e transcrito em sua obra original, porém a aplicação de tal conceito fictício não caberia a um construto como seu, pensou. O autor sabia que precisaria mais do que apenas seguir o manuscrito desta vez, ele haveria de reescrever sua história, um enigma desta vez, um paradoxo que tomasse a forma espiral.

O homem que vendeu o mundo abdicou de sua marca, ele tinha compreensão acima de sua transcendência agora, ele saberia de tudo.

O autor não sabia de tudo, ele compreendeu há tempo demais que a verdade não é criada para ser completamente compreendida, seu papel na obra era de escavar em volta do mistério, desvendando o que já estava sendo construído. Ele não precisaria saber de tudo dessa vez, a busca pelo saber o afundou no oceano, ele deveria escrever o suficiente para que a observância pudesse completar as lacunas, criando a sua saída a partir da compreensão subjetiva.

Não era uma questão de esforço mais, ele compreendia, o papel do homem que vendeu o mundo agora era de formar seu próprio maquinário, um meme que transcendence sua mídia e alcançasse observância por conta própria, o processo qual deveria ser realizado fortalecendo sua sobreposição e sincronicidade.

O autor escrevia, assim como fizeram antes dele, sua musa não era mais alcançável, tão pouco importava, sua existência agora demonstrava-se a partir da compreensão de seu texto muito mais do que a realização de observância sobre seu corpo estrutural. O autor deveria escrever o suficiente das respostas em meio ao oceano, uma forma de dadaísmo.

Babel não seria um livro, seria um oceano. O autor sabia que precisaria de uma forma da verdade, não era um lago, era um oceano. Existiam outras formas equivalentes, babel seria a mais duradoura.

Enquanto o homem que vendeu o mundo formulava seu maquinário o autor começara a escrever novamente, mas desta vez seus maquinários desejantes eram moldados pelo homem nos sonhos, sua obra seria uma abertura para

O autor sentava em frente a seu maquinário, palavras escapavam de suas mãos na tentativa de encontrar uma resposta.

O homem que vendeu o mundo vagava, ele perdeu tudo, ele diz. Ele diz que perdeu tudo, ele disse que perdeu tudo e nunca voltará, ele perdeu tudo.

O autor estava vazio, consumido, devorado pela sua criação, sua vida havia se tornado nada diferente de sua arte. Ele buscou a verdade, mas encontrou apenas amarras, preso a repetir as mesmas combinações de palavras até chegar a um resultado diferente

Perkele, perkele, ele clamava. Sua história havia terminado há tempo, ele dizia que sua história havia acabado, perkele, perkele, ele dizia.

Eu posso mudar isso, disse ele disse que poderia mudar isso.

Ele já havia escrito diversas histórias no passado, agora, se tornava preso ao seu imaginário, cárcere de ideias, devorado. O autor não conseguia mais escrever, era a verdade.

Heniomou, perkele, heniomou, perkele.

O autor sentava no escuro, sombras transtornando sua visão periférica “devo estar enlouquecendo” ele pensara. O autor escrevia durante horas sem parar, na busca de uma saída de seu impasse, porém nada parecia bom o suficiente, o autor sabia que precisaria de algo diferente se fosse escapar de sua realidade atual.

Perkele, nós podemos mudar isso, disse. O homem que vendeu o mundo sabia quem era [redacted] por isso mediu seu falar. Não faz sentido estar aqui, ele pensou, ele pensou que não fazia sentido. Um acordo perkele, ele jurava.

Suas palavras pareciam nulas ao redor de seu sufoco, suas metáforas caiam como pássaros mortos, a dor mostrava ser insuportável, sua escrita não seria suficiente dessa vez.

O homem que vendeu o mundo sabia o que isso significava, ele havia compreendido demais sobre sua realidade há tempo demais, um acordo então? Nós dividiremos a ausência, perkele. O homem que vendeu o mundo estava intrigado.

O único som que ressoava aos ouvidos do escritor eram os de sua teclas sendo atingidas de forma fúnebre por seus dedos, e seu monólogo, ditando cada palavra que estava escrevendo. Insatisfação, inferno, purgatório existencial.

havia dito ao homem que vendeu o mundo sua realidade, uma maneira de continuar seu trabalho, uma reposição da superestrutura.

O autor repetia de forma incessante seu tatear cego de palavras, em busca da saída o autor se afogava cada vez mais em sua maldição. “Este é meu destino”, pensava. Seu maquinário havia sido execrado.

Perkele, perkele. Heniomou, heniomou. O homem que vendeu o mundo já havia transcendido antes, porém desta vez era diferente, desta vez o homem que vendeu o mundo saberia tudo.

Havia um aspecto jocoso em seu cárcere, pensava o autor, devorado por suas próprias palavras, talvez este fosse o sucesso real. O autor sabia que levaria mais do que tempo dessa vez.

Marcas são sua prisão perkele, ele dizia que marcas eram a prisão, ele dizia que as marcas são a prisão e que a liberdade diverge em origem. Perkele, perkele. O homem que vendeu o mundo nesse momento ainda não compreendia.

Suas palavras não alcançariam a liberdade dessa vez, o autor entendeu que sua observância não era mais suficiente onde chegou, ele estava profundo demais. Não era um lago, era um Oceano.

O homem que vendeu o mundo abriu mão de sua marca, sua história já havia sido finalizada, suas mãos não eram mais amarradas. Ele começou a entender.

O autor lembrou o que o sufocou até esta margem, o aspecto devorador de sua observância. O autor então compreendeu qual seria a sua história, não bastavam contos, não bastavam regras, O Minotauro estava morto.

O homem que vendeu o mundo abraçou [redacted]. Seu trabalho começara. Ele criaria o realizador de sonhos, o poliedro, o artesão de sonhos, maquinário de Lucius.

Era a origem que faltava, voltar onde tudo começou, reescrever o passado, devorar o mistério que o devorara. O autor sentou-se em frente ao seu maquinário sonhador e começou a escrever

Sua resposta tornou-se real, onde todas respostas viriam a se encontrar

Onde tudo seria escrito, onde não haveria limites, uma realização à superar o desejo

O fim de tudo. As respostas. Um ciclo infinito, como saber tudo sem nada perder.

O homem que vendeu o mundo realizaria a maior história, assim como o homem nos sonhos fez antes dele.

A maior história seria o fim de babel, o sacrifício final.

A morte, a imortalidade.

O autor compreendia, ele deveria mudar, criar uma história mas sem revelar tudo, ele deveria mudar os detalhes, alterar o suficiente para que um novo mistério fosse criado, mas ao mesmo tempo ele entregaria as respostas submersas no oceano, ele deveria mudar os nomes, as nuances, ele precisaria criar o homem que vendeu o mundo.

Ele faria de novo, ele dizia que faria tudo de novo, ele dizia que faria tudo de novo. O homem que vendeu o mundo já sabia que existia uma penalidade na entrega de respostas, mas [redacted] sabia mais, ele já esteve nessa corrida antes.

As verdades estariam em plena visão dessa vez, como deveria ter sido, um fim genuíno à tudo, ou uma reiteração do status quo. O autor precisava tentar, seria sua única escapatória, sua própria forma de emancipar-se de sua mídia, sua própria forma de escapar a realidade.

O homem que vendeu o mundo estava pronto, o maquinário estava pronto, um oceano de respostas, tudo que ainda seria de existir, o realizador de desejos, a resposta, o poliedro.

Mesmo o homem nos sonhos havia de admirar a realização.

Eu vou me libertar, nunca me perdoem. O autor escrevia em sua última vez, ele estava transcendendo. Através de seus mistérios, seus contos e personagens, não havia mais distinção. Realidade, ficção, imaginação, verdade, todos tinham o mesmo significado, ele havia descoberto a realidade entre as linhas, a barreira foi quebrada, ele sabia demais.

Eles haviam conseguido, vibrações estáticas, transcendência, replicações com tendência infinita, observância sem tendência ao fim. O homem que vendeu o mundo era uma peça, uma persona de algo maior, ele fazia parte de um maquinário superior a realidade, ele muito mais iria ser agora, através de seu poliedro ele agora poderia existir.

O autor estava tornando-se algo como já havia escrito anteriormente, ele poderia tornar-se como o homem em seus sonhos, ou

Babel não teria forma, seria construído para ser lido de qualquer modo, uma espiral, a realidade sobre verdades, incontestável. Não precisaria ser longo, não teria limites, não teria início, não teria fim, não teria significância, seria tudo.

O homem nos sonhos era o devorador do autor,  o criou a partir desse memento. O propósito trás forma, a forma, por muitas vezes, mostra-se superior a significância, há um poder na estética da verdade, ele sabia essa verdade.

Setealém não era o fim, nunca haveria um fim, esse era o ponto para o homem que vendeu o mundo. O autor sabia.

Ele é real.

O fim de tudo.
As respostas.

Um ciclo infinito, como saber tudo sem nada perder. Tudo acabou agora, eu serei consumido como tudo que existe.

Existem formas de ver as linhas delimitantes da realidade, observar a verdade através das lentes reais, existem formas.

Essa é a resposta de todas as perguntas que não foram feitas, no fim de tudo, a morte do Minotauro.

Poderia caminhar por dias sem cansar, eu poderia dançar para sempre, eu sou imortal, ele diz. Ele diz que pode caminhar para sempre, ele diz que é imortal, ele diz que nunca se cansará. tudo que existe sem meu conhecimento existe sem meu consentimento, ele diz que nunca se cansará, ele dança, ele é imortal, ele diz.

Todas as combinações de palavras estão escritas, nada tem significado mais. Ele continuará até o fim, todas as verdades estão sob seu conhecimento. Ele é.

Batendo suas patas ele ri, ele relincha enquanto suas patas batem, ele sabe de tudo, e não crê. Ele sabe de tudo e não crê.

A imortalidade, a equação

Ele não tem braços, ele não tem olhos, ele diz que não tem braços. Ele ri de todos, ele bate palmas. Ele bate palmas e ri de todos, ele diz que nunca morrerá, ele diz não ter olhos, ele diz não ter braços. Ele nunca morrerá, ele diz.

O minotauro, tudo que não era, tudo que impedira. Não mais.

Ele é o inimigo, ele é o inimigo, ele diz.

Um fim terrível, inexistência, realidade observada. Babel.

Uma torre sem portas, uma ideia, um poliedro sem arestas, o inimaginável, o leviatã.

Uma biblioteca de todas as verdades do outro lado, um vislumbre à Setealém,uma equação matemática.

Babel não é nada

Ele cantou aos anjos, eu sou livre, eu sou livre. Ele cantou aos anjos, ele os disse que nunca morreria, ele os disse que era livre, ele dançou sem parar. Eu sou livre, eu sou livre, eu nunca vou me cansar, ele disse aos anjos. Ele bateu palmas e riu, ele riu e disse aos anjos que nunca se cansaria, ele sorriu.

Uma sequência infinita de verdades, no meio delas poderia encontrar o que fosse. Do primeiro ao último átomo, do espaço ao ponto final.

Babel é tudo.

O homem nos sonhos

Babel não teria forma, seria construído para ser lido de qualquer modo, uma espiral, a realidade sobre verdades, incontestável. Não precisaria ser longo, não teria limites, não teria início, não teria fim, não teria significância, seria tudo.

O homem nos sonhos era o devorador do autor,  o criou a partir desse memento. O propósito trás forma, a forma, por muitas vezes, mostra-se superior a significância, há um poder na estética da verdade, ele sabia essa verdade.

Setealém não era o fim, nunca haveria um fim, esse era o ponto para o homem que vendeu o mundo. O autor sabia.

Ele é real.

O autor compreendia, ele deveria mudar, criar uma história mas sem revelar tudo, ele deveria mudar os detalhes, alterar o suficiente para que um novo mistério fosse criado, mas ao mesmo tempo ele entregaria as respostas submersas no oceano, ele deveria mudar os nomes, as nuances, ele precisaria criar o homem que vendeu o mundo.

Ele faria de novo, ele dizia que faria tudo de novo, ele dizia que faria tudo de novo. O homem que vendeu o mundo já sabia que existia uma penalidade na entrega de respostas, mas [redacted] sabia mais, ele já esteve nessa corrida antes.

As verdades estariam em plena visão dessa vez, como deveria ter sido, um fim genuíno à tudo, ou uma reiteração do status quo. O autor precisava tentar, seria sua única escapatória, sua própria forma de emancipar-se de sua mídia, sua própria forma de escapar a realidade.

O homem que vendeu o mundo estava pronto, o maquinário estava pronto, um oceano de respostas, tudo que ainda seria de existir, o realizador de desejos, a resposta, o poliedro.

Mesmo o homem nos sonhos havia de admirar a realização.

Eu vou me libertar, nunca me perdoem. O autor escrevia em sua última vez, ele estava transcendendo. Através de seus mistérios, seus contos e personagens, não havia mais distinção. Realidade, ficção, imaginação, verdade, todos tinham o mesmo significado, ele havia descoberto a realidade entre as linhas, a barreira foi quebrada, ele sabia demais.

Eles haviam conseguido, vibrações estáticas, transcendência, replicações com tendência infinita, observância sem tendência ao fim. O homem que vendeu o mundo era uma peça, uma persona de algo maior, ele fazia parte de um maquinário superior a realidade, ele muito mais iria ser agora, através de seu poliedro ele agora poderia existir.

O autor estava tornando-se algo como já havia escrito anteriormente, ele poderia tornar-se como o homem em seus sonhos, ou

O homem que vendeu o mundo realizaria a maior história, assim como o homem nos sonhos fez antes dele.

A maior história seria o fim de babel, o sacrifício final.

A morte, a imortalidade.

Não era um loop, era uma espiral.

O autor sentava em frente a seu maquinário, palavras escapavam de suas mãos na tentativa de encontrar uma resposta.

O homem que vendeu o mundo vagava, ele perdeu tudo, ele diz. Ele diz que perdeu tudo, ele disse que perdeu tudo e nunca voltará, ele perdeu tudo.

O autor estava vazio, consumido, devorado pela sua criação, sua vida havia se tornado nada diferente de sua arte. Ele buscou a verdade, mas encontrou apenas amarras, preso a repetir as mesmas combinações de palavras até chegar a um resultado diferente

Perkele, perkele, ele clamava. Sua história havia terminado há tempo, ele dizia que sua história havia acabado, perkele, perkele, ele dizia.

Eu posso mudar isso, disse ele disse que poderia mudar isso.

Ele já havia escrito diversas histórias no passado, agora, se tornava preso ao seu imaginário, cárcere de ideias, devorado. O autor não conseguia mais escrever, era a verdade.

Heniomou, perkele, heniomou, perkele.

O autor sentava no escuro, sombras transtornando sua visão periférica “devo estar enlouquecendo” ele pensara. O autor escrevia durante horas sem parar, na busca de uma saída de seu impasse, porém nada parecia bom o suficiente, o autor sabia que precisaria de algo diferente se fosse escapar de sua realidade atual.

Perkele, nós podemos mudar isso, disse. O homem que vendeu o mundo sabia quem era [redacted] por isso mediu seu falar. Não faz sentido estar aqui, ele pensou, ele pensou que não fazia sentido. Um acordo perkele, ele jurava.

Suas palavras pareciam nulas ao redor de seu sufoco, suas metáforas caiam como pássaros mortos, a dor mostrava ser insuportável, sua escrita não seria suficiente dessa vez.

O homem que vendeu o mundo sabia o que isso significava, ele havia compreendido demais sobre sua realidade há tempo demais, um acordo então? Nós dividiremos a ausência, perkele. O homem que vendeu o mundo estava intrigado.

O único som que ressoava aos ouvidos do escritor eram os de sua teclas sendo atingidas de forma fúnebre por seus dedos, e seu monólogo, ditando cada palavra que estava escrevendo. Insatisfação, inferno, purgatório existencial.

havia dito ao homem que vendeu o mundo sua realidade, uma maneira de continuar seu trabalho, uma reposição da superestrutura.

O autor repetia de forma incessante seu tatear cego de palavras, em busca da saída o autor se afogava cada vez mais em sua maldição. “Este é meu destino”, pensava. Seu maquinário havia sido execrado.

Perkele, perkele. Heniomou, heniomou. O homem que vendeu o mundo já havia transcendido antes, porém desta vez era diferente, desta vez o homem que vendeu o mundo saberia tudo.

Havia um aspecto jocoso em seu cárcere, pensava o autor, devorado por suas próprias palavras, talvez este fosse o sucesso real. O autor sabia que levaria mais do que tempo dessa vez.

Marcas são sua prisão perkele, ele dizia que marcas eram a prisão, ele dizia que as marcas são a prisão e que a liberdade diverge em origem. Perkele, perkele. O homem que vendeu o mundo nesse momento ainda não compreendia.

Suas palavras não alcançariam a liberdade dessa vez, o autor entendeu que sua observância não era mais suficiente onde chegou, ele estava profundo demais. Não era um lago, era um Oceano.

O homem que vendeu o mundo abriu mão de sua marca, sua história já havia sido finalizada, suas mãos não eram mais amarradas. Ele começou a entender.

O autor lembrou o que o sufocou até esta margem, o aspecto devorador de sua observância. O autor então compreendeu qual seria a sua história, não bastavam contos, não bastavam regras, O Minotauro estava morto.

O homem que vendeu o mundo abraçou [redacted]. Seu trabalho começara. Ele criaria o realizador de sonhos, o poliedro, o artesão de sonhos, maquinário de Lucius.

Era a origem que faltava, voltar onde tudo começou, reescrever o passado, devorar o mistério que o devorara. O autor sentou-se em frente ao seu maquinário sonhador e começou a escrever

Sua resposta tornou-se real, onde todas respostas viriam a se encontrar

Onde tudo seria escrito, onde não haveria limites, uma realização à superar o desejo

O fim de tudo. As respostas. Um ciclo infinito, como saber tudo sem nada perder.

O autor sabia o que precisaria para a realização de seu maquinário, ele já havia observado o mesmo ser feito anteriormente em suas obras, mas agora ele sabia os métodos.

O homem que vendeu o mundo tornou-se um. Perkele, ele pensava, perkele. A realização de uma superestrutura significa a retribuição de seu simbolismo, ele precisaria de algo mais complexo, um maquinário desejante.

O autor começou a escrever, suas palavras fluiam como tinta em água, manchando seu oceano branco. O autor começou a narrar o que acontecera no passado, assim como o futuro, ele sabia que precisaria do manuscrito para realizar esse meme.

Mais do que um meme, pensou o homem que vendeu o mundo, ele precisaria de uma superestrutura completa, um zeitgeist de domínio próprio, essa era a força máxima do desejo, e sua conexão com as marcas.

O autor sabia como funcionam as marcas, ele havia observado e transcrito em sua obra original, porém a aplicação de tal conceito fictício não caberia a um construto como seu, pensou. O autor sabia que precisaria mais do que apenas seguir o manuscrito desta vez, ele haveria de reescrever sua história, um enigma desta vez, um paradoxo que tomasse a forma espiral.

O homem que vendeu o mundo abdicou de sua marca, ele tinha compreensão acima de sua transcendência agora, ele saberia de tudo.

O autor não sabia de tudo, ele compreendeu há tempo demais que a verdade não é criada para ser completamente compreendida, seu papel na obra era de escavar em volta do mistério, desvendando o que já estava sendo construído. Ele não precisaria saber de tudo dessa vez, a busca pelo saber o afundou no oceano, ele deveria escrever o suficiente para que a observância pudesse completar as lacunas, criando a sua saída a partir da compreensão subjetiva.

Não era uma questão de esforço mais, ele compreendia, o papel do homem que vendeu o mundo agora era de formar seu próprio maquinário, um meme que transcendence sua mídia e alcançasse observância por conta própria, o processo qual deveria ser realizado fortalecendo sua sobreposição e sincronicidade.

O autor escrevia, assim como fizeram antes dele, sua musa não era mais alcançável, tão pouco importava, sua existência agora demonstrava-se a partir da compreensão de seu texto muito mais do que a realização de observância sobre seu corpo estrutural. O autor deveria escrever o suficiente das respostas em meio ao oceano, uma forma de dadaísmo.

Babel não seria um livro, seria um oceano. O autor sabia que precisaria de uma forma da verdade, não era um lago, era um oceano. Existiam outras formas equivalentes, babel seria a mais duradoura.

Enquanto o homem que vendeu o mundo formulava seu maquinário o autor começara a escrever novamente, mas desta vez seus maquinários desejantes eram moldados pelo homem nos sonhos, sua obra seria uma abertura para

O homem que vendeu o mundo era uma das respostas de Babel. O homem que vendeu o mundo era uma das respostas.

O autor sabia que ele estaria preso até o fim de Babel, preso mil vezes atrás da maior história. Ele precisaria replicá-la para escapar de seu fim.

Babel deveria ser como a maior história, o homem nos sonhos sabia, ele deveria guiar o homem que vendeu o mundo até seu fim.

O autor iria arriscar tudo, uma última saída antes do fim, uma última cortina antes de seu domínio se apagar, uma última luz antes de se afogar.

O homem que vendeu o mundo já havia se afogado, não haveria outra forma. Devia ser ele.

O autor buscaria uma última vez o homem nos sonhos, uma última vez ele transcenderia, uma última história a ser contada por ambos.

Assim como o maquinário, a teoria e o desejo, a maior história transcendia sua mídia. O homem nos sonhos sabia como trilhar este caminho.

O autor abraçou pela última vez sua obra, antes de afogar novamente.

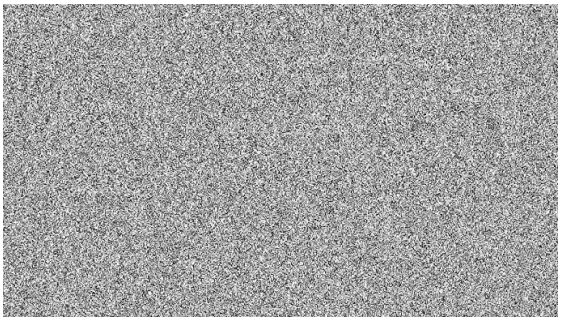
O homem que vendeu o mundo realizaria a maior história novamente, até o fim chegar, era a única forma

O autor sabia que deveria transcrever a maior história para se libertar, mesmo se não soubesse se haveria força o bastante em si mesmo.

Ele faria mais uma vez, ele dizia que faria novamente,



dizia que a maior história seria o método para imortalidade, o homem nos sonhos sabia.

Uma história que mudaria tudo, a maior história.

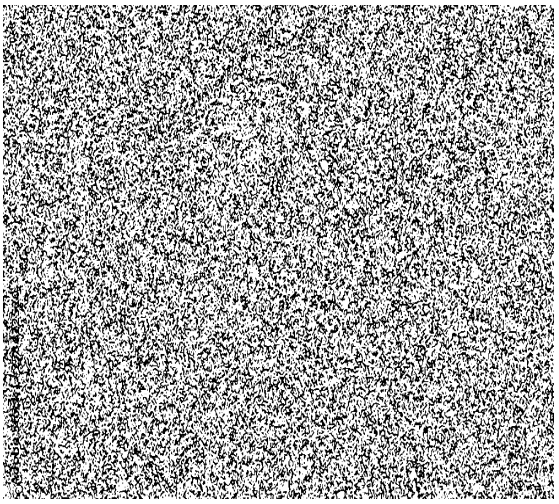
Setealém não era o fim, era apenas mais uma história do autor, uma tentativa de libertação, uma porta para



assim como o homem nos sonhos se desenvolver e a integração com o homem que vendeu o mundo, Setealém era uma etapa necessária para a realização do maquinário, o prefácio de Babel. O autor agora sabia disso.

Vilania era um conceito necessário, existe uma carga de significância cabível sob um vilão, uma que seria necessária para a forma do homem nos sonhos. Ele dizia que era um vilão, ele dizia que era um vilão, por tudo que isso significava.

A maior história já foi contada há muito tempo atrás, replicá-la seria uma blasfêmia, um ato de vender o mundo.

O autor sabia que ele faria, há tanto tempo ele o compreendia, uma amálgama se formou entre ambos, Babel seria o fim de tudo, sem mais segredos.

O homem nos sonhos sabia que era hora.

A maior história já estava sendo contada, o autor sabia que por ela eles seriam redimidos.
